ABOUT US

Fortune Enterprises is a pioneering manufacturer of sustainable stationery products, dedicated to transforming the way businesses approach office supplies.

Established in 1989, we specialize in B2B bulk orders, utilizing innovative methods to create high-quality products from Agro waste materials like Sugercane waste (Bagasse), wheatstraw (Parali), and Rice straw.

OUR STORY

As eco-enthusiasts, we were troubled by the environmental impact of traditional stationery manufacturing.

We saw mountains of waste and a dependence on unsustainable materials, and it ignited a fire within us to create change.

In 2016, we took a leap of faith. With a vision to transform **Agro waste** into beautiful, functional stationery, we embarked on a mission to not only reduce waste but to inspire others to join our cause.

OUR PHILOSOPHY

Write Sustainable 

Each word you write is a step toward a greener tomorrow,
